Declaration concerning RoHS (Restriction of Hazardous Substances)

The reduction of harmful substances in electric and electronic products is an important contribution for the protection of the environment that deserves our greatest support. The implementation of the corresponding guidelines is therefore a high priority at Kniel System-Electronic GmbH.

All products manufactured by Kniel System-Electronic GmbH and marked with an appropriate sticker and delivered after January 15, 2006 and before July 31, 2018 are in compliance with Directive 2011/65/EU.

All products manufactured by Kniel System-Electronic GmbH and marked with an appropriate sticker, which were delivered after August 1, 2018, comply with Directive (EU) 2015/863.

Karlsruhe, 20.08.2018
